CHAPTER 8. STATE AID FOR LOCAL HEALTH ADMINISTRATION

Article 1. Definitions and General Policy

1100. The rapid increase in the population of the State and the increasing industrialization in both the urban and rural

Policy

areas necessitate the provision of effective public health services to all the people of the State.

In many areas within the State local public health agencies (that is, health departments of counties, cities and local health districts) lack the necessary funds, and the local population lack the means to furnish funds, to provide effective public health services.

The Legislature therefore seeks to further the provision of necessary public health services by granting financial assistance to cities, counties, and local health districts, thus enabling them to meet present and future health needs in an efficient and effective manner. The funds to be granted are to augment local appropriations provided for public health purposes, and shall not be used to replace local appropriations.

Minimum population for public health unit

The administrative pattern providing public health services to all the people of the State will vary in different areas. It is generally recognized that the minimum population necessary for efficient administration of a local public health unit is approximately 50,000. To attain this desirable population minimum it will be necessary in some areas for two or more counties to unite and establish a single administrative public health unit.

"Population"

1101. "Population," for the purpose of this chapter, shall be determined by the most recent United States decennial census; provided, however, whenever it appears to the State Department of Public Health that the population of any city, county, or city and county has changed sufficiently to warrant adjustment, the State Department of Public Health for purposes of this chapter may determine population for cities, counties, and cities and counties.

(c) A county health department which does not serve all of the cities of less than 50,000 population, but which has the provisional approval of the State Department of Public Health, in accordance with Section 1140; provided, however, that such provisional approval shall terminate on the ninety-first day after final adjournment of the 1949 Regular Session of the Legislature.

(d) The health department of a city of 50,000 or greater population, except that the governing body of such city by resolution may declare its intention to be included under the jurisdiction of the county health department, or of the local health district serving other territory in such county, as provided by existing statutes.

(e) The local health department of any county which had under its jurisdiction on the effective date of this chapter a population in excess of 1,000,000, or the local health department of any city and county.

Those members present at official sessions shall be considered as making up a quorum.

Actual and necessary expenses incident to attendance at not Expenses more than two meetings per year of the conference shall be a legal charge against the local governmental unit. Actual and necessary expenses incident to attendance at special meetings of the committees of the conference called by the director shall be a legal charge against any funds available for administration of this chapter.

CHAPTER 1. GARBAGE DISPOSAL DISTRICTS

Article 1. Definitions

"District" 4100. "District," as used in this chapter, means a district formed pursuant to this chapter or pursuant to any law which it supersedes.

Article 2. Formation

Formation 4105. Any portion or portions of a county, whether contiguous or noncontiguous, and whether the portion or portions include incorporated or unincorporated territory, may be formed into a garbage disposal district in the manner and under the proceedings in this chapter set forth; except that less than the whole of any city shall not be included in the district without unanimous consent of the governing body of the city; and except that no parcel of noncontiguous territory which is less than a full subdivision and which in no case contains less than 10 privately owned acres may be included in any district.

(Amended by Stats. 1947, Ch. 1047.)

Resolution of intention 4106. The board of supervisors may determine by resolution that a portion of the county is in need of facilities for the disposal of garbage and should be formed into a district.

Publication Thereupon the board of supervisors shall fix a time and a place for a hearing on the matter of the formation of the district, which time shall be not less than three weeks after the adoption of the resolution, and shall direct the clerk of the board to publish a notice once a week for three successive weeks in a newspaper circulated in the territory which it is proposed to organize into a district, and which the board deems most likely to give notice to the inhabitants of the territory.

Time and place 4107. The notice shall state the fact that the board of supervisors of the county has fixed the time and place, which shall be stated in the notice, for a hearing on the matter of the formation of a garbage disposal district.

Description of territory 4108. The notice shall describe the territory or shall specify the exterior boundaries of the territory proposed to be organized into a district. So far as practicable the boundaries shall be the center lines of highways.

Objections 4109. At any time prior to the time fixed for a hearing of the matter, any person interested may file with the clerk

of the board written objections to the formation of the district. At the time and place fixed for the hearing or at any time to which the hearing may be continued, the board of supervisors shall consider and pass on all objections to the creation of the district, or to the inclusion of any territory in the district. At the hearing, the board of supervisors may exclude any territory that in the opinion of the board would not be benefited by inclusion in the district.

4110. At the conclusion of the hearing, the board of supervisors shall either adopt an order abandoning the creation of the proposed district or shall by resolution order the matter of the creation of the district, within the boundary lines determined upon at the hearing, to be submitted to the voters registered in the proposed district at an election to be called for that purpose. At the election only voters registered in the proposed district shall be permitted to vote.

4111. Election precincts shall be established by the board, and election boards composed of one inspector, one judge, and one clerk shall be named. At least one week prior to the election, notice of the election shall be given by publication in a newspaper of general circulation in the proposed district. In other matters the election shall be conducted in the manner ordered by the board of supervisors.

4112. If at the election a majority of all those voting upon the question of creation of the district, and a majority of those voting thereon in each city is in favor of the formation of the district, the board of supervisors shall make an order forming the district and thereupon it is formed. The order shall contain the name of the district, and a description of the boundaries, or otherwise indicate its territorial extent. The order is conclusive evidence of the regularity of all prior proceedings, except the adoption and publication in full of the resolution of intention, and of the fact of the holding of the hearing on formation.

Article 3. Administration and Powers

4120. The board of supervisors is the governing body of the district and may do any or all of the following:

(a) Make and enforce all rules and regulations necessary for the administration and government of the district, and for the collection and disposal of garbage and other refuse matter in the district.

(d) Perform all of the acts necessary or proper to accomplish the purposes of this chapter.

Contracts 4121. The board of supervisors may enter into contracts for the disposal of garbage and other refuse matter. Whenever the board enters into, or renews such a contract, it shall advertise for bids for the performance of the work in a newspaper of general circulation in the county. The advertisement shall be published for at least 10 consecutive times in a daily newspaper or for at least two consecutive times in a weekly newspaper. If there is no newspaper of general circulation published in the county, then the notice shall be given by posting in three public places for at least two weeks.

Call for bids All bidders shall be afforded opportunity to ascertain the details of the nature of the work to be done under the contract. The contract shall be let to the lowest responsible bidder. If no satisfactory bid is obtained the board may reject all bids.

Letting contract 4122. The title of all property which is acquired for a district vests in the county. Whenever all of the territory in the district is annexed or otherwise included in any city, then the district is dissolved and the property becomes the property of the city. All money in the county treasury to the credit of the district shall upon the annexation or inclusion of the district be forthwith transferred to the treasury of the city and be used only for the purpose for which it was available prior to the transfer.

The board of supervisors shall levy a tax each year upon the taxable property in the district sufficient to defray the cost of the disposal of garbage and other refuse in the district, and of the maintenance of the district, and to meet such other expenditures as are authorized by this chapter. The tax shall be levied and collected at the same time and in the same manner as general county taxes levied for county purposes and when collected shall be paid into the county treasury and shall be used in furtherance of the purposes of this chapter.

Article 5. Annexation

At its first regular meeting after the presentation ^{Notice} of the petition, the board of supervisors shall cause notice of the petition to be published in a newspaper published and circulated in the territory sought to be annexed, if there is one, otherwise, by posting copies of the notice in three of the most conspicuous places in the territory proposed to be annexed, for three weeks prior to the date to be fixed by the board for hearing the petition.

Upon the date fixed for the hearing, or to which it may be ^{Hearing} continued, the board of supervisors shall consider the petition, and any objections which may be filed to the inclusion of any property in the district.

(Amended by Stats. 1947, Ch. 1047.)

4139. No territory which will not be so benefited, or which is not described in the petition, shall be included in the district. ^{Limitations on annexation}

4145. The board of supervisors shall, at least a week ^{Notice} prior to the time so fixed, publish a notice of the hearing by one insertion in a newspaper circulated in the district that the board deems most likely to give notice to the inhabitants of the portion of the district proposed for withdrawal.

4146. Any person interested may appear at the hearing ^{Hearing} and object to the withdrawal of the portion from the district, or may object to the continuance of the remaining territory as a district, and the board of supervisors shall consider all

Order objections and shall pass upon them. If it finds that the portion of the district sought to be withdrawn will not be benefited by remaining in the district, and that the territory not sought to be withdrawn will be benefited by continuing as a garbage disposal district, then it shall grant the petition.

Property 4147. Upon the withdrawal of any territory from a district, as in this chapter provided, all property acquired for the district shall remain vested in the county and be used for the purpose of the district; except, that if the territory sought to be withdrawn from the district includes any incorporated territory, then a part of the money in the county treasury to the credit of the fund of the district shall be paid over to the city in accordance with the ratio that the territory of the city sought to be withdrawn from the district bears to the territory of the entire district.

The bonds shall be issued in such denominations as the governing body determines, except that no bonds shall be of a denomination less than one hundred dollars (\$100) nor greater than one thousand dollars (\$1,000). The interest rate shall be specified in the bonds, and shall be payable semi-annually.

The bonds shall be signed by any officer of the city, designated for that purpose by the governing body by resolution adopted by a two-thirds vote of all of its members, and shall also be signed by the city treasurer and countersigned by the city clerk.

The coupons of the bonds shall be numbered consecutively and signed by the treasurer.

If any officer whose signature or countersignature appears on the bonds or coupons ceases to be an officer before the delivery of the bonds to the purchaser, his signature or countersignature is as valid and sufficient for all purposes, as if he had remained in office.

4623. The governing body of the city in which the district has been created may issue and sell the bonds at not less than their par value, and the proceeds of the sale shall be placed in the city treasury to the credit of the proper sewer district fund and shall be applied exclusively to the purposes and objects specified in the ordinance calling the election.

Article 4. Performance of Work

4627. Before the governing body awards contracts for doing any sewer work or improvement, the expense of which is to be paid out of the proceeds of sales of the bonds issued under this chapter, it shall cause notice with specifications to be posted conspicuously for five days on or near the chamber door of the governing body. The notice shall invite sealed bids for doing the sewer work or improvement. The governing body shall also cause notice of the proposed work and invitations to bid referring to the specifications posted or on file, to be published for two consecutive insertions in a daily, semiweekly, or weekly newspaper if there is one published and circulated in the city. If none, the posting is sufficient.

4628. All bids offered shall be accompanied by a check, payable to the order of the mayor, certified by a responsible bank for an amount which shall be not less than 10 per cent of the aggregate of the bid, or by a bond for that amount and

so payable, signed by the bidder, and by two sureties who shall justify before an officer competent to administer an oath, in double the amount of the bond, over and above all statutory exemptions.

Examination of bids 4629. The bids shall be delivered to the clerk of the governing body, and the governing body shall in open session examine and publicly declare them. It may reject any or all bids if it deems this for the public good, and shall reject all bids other than the lowest bid of any responsible bidder, and may award the contract for the work or improvement to the lowest responsible bidder at the price named in his bid, if the award is approved by the mayor, or is made by a three-fourths vote of the governing body.

Rejection of bids 4630. If an award is not approved by the mayor or made by a three-fourths vote of the governing body, without further proceedings the governing body may readvertise for bids for the performance of the work as in the first instance, and thereafter again proceed pursuant to this article. The checks and bonds furnished in connection with the bid so rejected shall be returned.

Security 4631. The check or bond accompanying an accepted bid shall be held by the clerk of the city until the contract for doing the work has been entered into by the successful bidder.

If any bidder fails, neglects, or refuses to enter into the contract to perform the work within 10 days after the contract has been awarded to him, the certified check accompanying his bid and the amount for which it is drawn is forfeited to the city.

Performance bonds 4632. The governing body may require such bonds as it deems adequate from bidders to whom contracts for the work or improvement are awarded, to insure the faithful performance of the contracts.

Officer acting on behalf of city 4633. The governing body may designate any city officer, in his official capacity, to make all written contracts and receive all bonds authorized by this article, and to fix the time for the commencement, which shall not be more than 15 days from the date of the contract, and for the completion of the work under all contracts entered into by him. All work shall be prosecuted with diligence from day to day until completion. He may extend the time so fixed from time to time under the direction of the governing body.

City doing work directly 4634. Instead of letting contracts for the work, the city may itself construct or complete the sewer or improvement, and buy the necessary materials, and employ the necessary labor.

Chartered city 4635. In any city operating under a charter framed under Section 8, Article XI of the Constitution and providing for a board or department of public works, all the things required to be done and performed by the governing body of the city in connection with the letting of contracts for, or the performance of the work of the district shall be done and performed by the board or department of public works of the

city, and if the charter also prescribes the manner of letting and entering into contracts for the furnishing of labor, materials, or supplies for the construction or completion of public works or improvements, all contracts for the construction or completion of sewer work or improvements shall be let and entered into in conformity with the provisions of the charter.

4636. The governing body of each city in which sewer work or improvement is being made or acquired under this chapter shall make all needful rules and regulations for carrying out and maintaining the sewer work or improvement, and may appoint all agents, superintendents, and engineers necessary properly to look after the construction and operation of the sewers. However, in any city operating under a charter framed under Section 8 of Article XI of the Constitution of the State and having a board or department of public works, the powers and duties of the governing body stated in this section shall be exercised and performed by the city board or department of public works.

Article 5. Taxation and Finances

4638. Until the bonds are paid, or until there is a sum in the city treasury set aside for the purpose, sufficient to meet all sums coming due for the principal and interest on the bonds, the city governing body shall, at the time of fixing, and in the manner provided for the general tax levy, levy and collect each year upon the property situated in the district, and upon that property only, a tax sufficient to pay the annual interest on the bonds, and also such part of the principal as will become due before the time for fixing the next general tax levy. However, if the maturity of the indebtedness created by the issuance of all or any part of the bonds is made to begin more than one year after date of issuance, the tax shall be levied and collected annually, sufficient to pay the interest on the indebtedness as it falls due, and also to constitute a sinking fund for the payment of the principal when or before the payments provided for become due.

CHAPTER 2. SEWER DISTRICTS, ACT OF 1899

- Title 4659. This chapter may be cited as the Sewer Districts in Unincorporated Territory Act.
(Added by Stats. 1943, Ch. 765.)
- Petition 4660. Whenever one-third of the voters resident in any unincorporated territory in a county desire the formation of a sewer district, they shall file a petition with the board of supervisors of the county. The petition shall describe the exterior boundaries of the proposed district and shall pray for the formation of a sewer district. Upon the filing of such a petition the board of supervisors shall set a day for a hearing of any and all objections by all or any persons interested in the formation of such sewer district, and shall publish a notice of the petition, time and place of hearing, and a description of the exterior boundaries of the proposed district for 10 days in some daily paper in the nearest municipal corporation, if there is one, if not, publication shall be made weekly for two successive weeks in a weekly paper published in the nearest municipality.
- Hearing (Amended by Stats. 1939, Ch. 1124.)
4661. On the day fixed for the hearing or any day to which the hearing is adjourned the board of supervisors shall hear and consider any objections presented to the formation of the district or to the inclusion of any lands in the district. After the hearing of the objections, if it shall be determined by a vote of two-thirds of all the members of the board of supervisors that the public interest requires the formation of the district, the board of supervisors shall proceed to fix and determine the boundaries. After making all necessary and proper changes in the boundaries, by a resolution passed by a vote of two-thirds of all its members, the board of supervisors shall establish such sewer district and permanently fix and determine its boundaries. This resolution, together with the names of the members of the board of supervisors voting for and against the resolution, shall be spread upon the minutes of the board of supervisors.
- Formation (Amended by Stats. 1939, Ch. 1124.)
4662. After the formation of the sewerage district, the board of supervisors may lay out and construct sewers therein, and provide for making connections with the sewer by property holders and other persons resident within the district, and for the maintenance and extension of the sewerage district. The board of supervisors shall compel property holders to connect all buildings with the sewers.
- Construction of sewers
Connection
Connection with city sewer
4663. Whenever a sewerage district is formed under this chapter of territory adjacent to any city having a sewerage system, the district sewerage system shall be connected with and have its outlet through the city sewerage system; but no connection can be made or maintained with the city sewerage system of any city without the consent of the city governing body.

4664. When connection is made with the city sewer system, from the board of supervisors, from the funds collected from the taxes levied under this chapter, shall pay to the city annually the sum of money that is fixed as charges by the board of supervisors and the city governing body for the privilege of connecting and maintaining connection with the city sewer system. This amount may vary from year to year as the board of supervisors and the city governing body deem reasonable.

Charges for
use of city
system

4665. At the time of making each tax levy subsequent to the formation of the district, the board of supervisors shall levy such an amount of taxes upon the taxable property of the district as the board deems necessary for carrying out the provisions of this chapter and for the purposes of the district. The taxes shall be collected in the same manner as county taxes are collected. The board of supervisors shall provide in the levy for assessing and collecting a sufficient amount of money to pay to any city whose sewers shall be connected with pursuant to this chapter the amount fixed as charges for the privilege of connecting with the city sewerage system.

4666. Before the first day of March preceding the fiscal year for which the charge is made, the city governing body shall fix, and notify the board of supervisors of, the amount of the charge.

4703. Districts may be formed, maintained, and governed in any county as provided in this chapter.

Application
of chapter

4704. Districts formed or proposed to be formed under this chapter are not subject to the "District Investigation Act of 1933."

(Added by Stats. 1945, Ch. 1351; amended by Stats. 1947, Ch. 645.)

Article 2. Formation

4710. A board of supervisors desiring to form a county sanitation district shall adopt a resolution of its intention to do so. The resolution shall contain all of the following:

Resolution of
intention

The incorporated territory included in the district may include the whole or part of one or more cities. However, less than the whole of a city shall not be included in the district except by the vote of a majority of the governing body of the city.
Inclusion of portion of other similar district	The district shall not include the whole or any part of any other district formed for similar purposes unless the governing body of such other district shall consent thereto and the board of supervisors, after a hearing, shall find and determine by resolution duly adopted that the proposed inclusion of the whole or part of such other district within the sanitation district is in the public interest and the territory affected will benefit thereby.
Notice	Notice of such hearing shall be given by publication in at least two successive issues, not more than 30 nor less than 10 days prior to the hearing, in a newspaper of general circulation published within the county.
	(Amended by Stats. (1st Ex. Sess.) 1946, Ch. 62, and by Stats. 1947, Ch. 1376.)
Time and place of hearing	4712. The time to be fixed for the hearing of objections shall be not less than 30 days after the adoption of the resolution. The hearing shall be held at the regular meeting place of the board of supervisors or else at some place in the proposed district.
	(Amended by Stats. 1939, Ch. 596.)

Prior to the time of hearing, the resolution shall be published at length twice in at least one newspaper of general circulation in the proposed district and brief notices of the passage of the resolution and the time and place of the hearing may be published in one or more daily or weekly newspapers published and circulated in the proposed district.
Hearing	4714. At the time provided in the resolution of intention or at any time to which the hearing is continued, the board of supervisors shall hear any objections to the formation of the district or to its extent. At the hearing the board of supervisors may exclude any territory that in its opinion will not be benefited by being in the district.
Protest	4715. If written objection to the formation of the district, signed by 2 per cent of the voters registered in the district, is filed with the board, it shall, and in any event it may, either adopt an order abandoning the formation of the proposed district or order the matter of the formation of the district with the boundary lines determined at the close of the hearing submitted to the voters of the proposed district at an election.
Election	4716. At the election only voters registered in the proposed district may vote. Election precincts shall be established by the board of supervisors, and precinct boards, composed of one inspector, one judge, and one clerk, shall be appointed. At least one week prior to the election, notice of the election shall be given by publication in a newspaper of

general circulation in the proposed district. In other particulars the election shall be conducted in the manner ordered by the board of supervisors.

4717. At the conclusion of the hearing, or if an election is held and the canvass of the election returns shows that a majority of all the votes cast in the entire proposed district and that a majority of the votes cast on the question in each city or part thereof in the proposed district were in favor of the formation of the district, the board of supervisors may, if it deems best, make an order forming the district.

(Amended by Stats. 1939, Ch. 596.)

4718. The order of formation shall contain the name of the district, and a description of the boundaries or otherwise indicate its territory. The order is conclusive evidence of the regularity of all prior proceedings, except the adoption and publication in full of the resolution of intention and of the fact of the hearing.

Article 3. Officers

4730. The governing body of a sanitation district is a board of directors of not less than three members. The presiding officer of the governing body of each city, the whole or part of which is included in the district, is a member of the district board.

If unincorporated territory and territory of but one city is included in the district, two members of the board of supervisors of the county in which the district is formed are members of the district board, unless the population of the city or part in the district exceeds that of the unincorporated territory included in the district, in which event one member of the board of supervisors and the presiding officer of the governing body of the city and one other member of the city governing body constitute the district directors.

Whenever unincorporated territory and all or parts of two or more cities are included in the district one member of the board of supervisors of the county in which the district is located is a member of the district board.

If the district contains no unincorporated territory, the district board shall consist of the presiding officers of the governing bodies of the cities wholly or in part in the district; and if only two cities or parts thereof are in the district, one additional member shall be selected from the governing body of each of the cities.

If the whole of the district is unincorporated territory, the board of supervisors of the county in which the district is formed constitutes the district board.

In case of the absence of the presiding officer of the governing body of a city or of the board of supervisors, or his inability to act as a member of the district board, then an alternate member

of such governing body or board may be selected, who shall be a member of the district board to act in place of such presiding officer during his absence or inability to act.

(Amended by Stats. 1939, Ch. 596, and by Stats. 1947, Ch. 1428.)

Annexation

4731. If additional territory is annexed to the district as well as whenever any change takes place in the character of the territory, by the incorporation of a city or otherwise, resulting in a condition which makes it necessary for a change to be made in the membership of the district board, the change in the membership of the district board takes place and becomes effective immediately.

Auditor

4732. The county auditor of the county in which the district is formed is ex officio the auditor of the district.

Compensation

4733. The district board shall have power to fix the amount of compensation per meeting to be paid each member of the board for his services for each meeting attended by him; provided, that said compensation shall not exceed ten dollars (\$10) for each meeting of the district board attended by him, together with expenses necessarily incurred by him in traveling between his place of residence and the place of meeting. However, no member shall receive compensation for attending more than three meetings of the board during any calendar month. The compensation herein mentioned shall be in addition to any other fees or compensation allowed by law for the other official positions mentioned in Section 4730 that are occupied by members of said district board.

(Amended by Stats. 1947, Ch. 613.)

Article 4. District Powers

Employees

4739. A county sanitation district may employ such sanitation experts, surveyors, counsel, and other persons as are needed to carry into effect any powers of the district.

Property

4740. The district may acquire by gift, purchase, condemnation, or otherwise, in the name of the district, and own, control, manage, and dispose of any interest in real or personal property necessary or convenient for the construction, maintenance, and operation of a sewerage system and sewage disposal or treatment plant.

disposal or treatment plant shall be constructed or maintained in any city not in the district, except by consent granted by the unanimous vote of the governing body of the city.

4743. It may sell, lease, or otherwise dispose of any property of the district or any interest therein whenever it is no longer required for the purposes of the district, or when its use may be permitted without interfering with its use by the district.

4744. It may sell, or otherwise dispose of, any water, sewage effluent, fertilizer, or other by-product resulting from the operation of a sewerage system, sewage disposal plant, or treatment plant, and construct, maintain, and operate such pipe lines and other works as may be necessary for that purpose.

4745. It may construct, maintain, and operate such pipe lines or other works as may be necessary to conserve and put to beneficial use any water or sewage effluent recovered from the operation of the sewerage system, plant, or works, by sale or disposition for agricultural or industrial purposes, or by discharging or spreading the water or sewage effluent in such a manner as to percolate into the underground gravels and replenish the natural water resources.

4746. It may issue bonds.

4747. It may cause to be levied and collected taxes upon all the taxable real property in the district sufficient to meet the obligations evidenced by its bonds, to maintain the works of the district, and to defray all other expenses incidental to the exercise of the district powers.

4748. The district board shall, by resolution, employ one or more sanitation engineers to make a survey of the problems of the district concerning sanitation and especially with reference to the matter of sewage collection, treatment, and disposal. The resolution shall direct the engineer or engineers to prepare and file with the district board of the district a report setting forth:

Report

- Appointment and removal** 4749. The engineer or engineers may, subject to the direction of the district board, employ such surveyors and others as may be necessary to prepare the report. The district board at any time may remove any or all engineers or other persons employed, and may fill all vacancies.
- Action upon engineers' report** 4750. When the engineers' report is filed the district board shall examine it and may thereupon (a) reject it and direct that a new report be prepared; (b) direct that changes be made in it; or (c) if it complies with the provisions of this chapter and is satisfactory to the board it shall fix a time and place for hearing objections to the report and to doing all or any part of the work referred to in the report.
- Notice** 4751. Notice of the hearing shall be given by the district board by publishing the notice for at least five times in a daily, or twice in a weekly, newspaper circulated in the district, as the district board may direct. At the time and place so fixed, or at the time and place to which the hearing may be from time to time continued, the board shall hear all objections.
- Adoption of report** 4752. At the conclusion of the hearing the district board shall either order the report changed to conform to some or all the objections made or shall approve and adopt the report as made. If changes in the report are ordered a further hearing shall be had upon it as amended and further hearings shall be had until the district board approves and adopts the report.
- Publication of report** 4753. The district board may, thereafter, have such portions of the report as are adapted to publication, or a resume, published for free public distribution.
- Supervision** 4754. The engineers employed by the district board to make the report required by this chapter, or other engineers, shall be directed by the district board to superintend the doing of the work recommended to be done in the report as approved and adopted.
- Methods of work** 4755. The work, or any portion of it, may be done in any of the following ways as ordered by the district board:
(a) By purchasing the material and doing the work by day labor.
(b) By purchasing the material and letting a contract for the doing of the work.
(c) By purchasing only a portion or none of the material and letting a contract for furnishing the balance or all of the material and the doing of the work.
- Contracts** 4756. Any contract for the doing of the work or for the doing of the work and furnishing any or all of the material shall be let to the lowest responsible bidder submitting a sealed bid in response to a notice calling for bids.

4757. The notice shall be published once a week for at least two successive weeks in a newspaper circulated in the county and shall refer to detailed plans and specifications covering the work to be done and materials, if any, to be furnished. If the material to be purchased costs over one thousand dollars (\$1,000), and there is no purchasing agent, the material shall be purchased from the lowest responsible bidder.

4758. Any work recommended to be done in the report approved and adopted by the district board shall be done in conformity with the general plans and specifications contained in the report unless the district board, by a four-fifths vote, adopts a resolution declaring that the public interest requires a modification of or departure from the plans and specifications, which resolution shall contain a statement of the manner in which the modification is required or departure is to be made.

4759. A right of way in or across any public highway, street, or property in the district is hereby granted to the district wherever the right of way is found by the district board to be necessary or convenient for doing any of the work.

4760. The district board may, by agreement with any city or other public agency, take possession of or acquire by condemnation or in any other manner any sewerage system, or any sewage disposal or treatment plant necessary or convenient to carry out any of the objects of the district, or may acquire by agreement or in any manner the right to use them, and any city or other public agency may enter into such an agreement with a county sanitation district.

A compliance with this chapter is sufficient to authorize such an agreement by either a county sanitation district, city, or other public agency entering into such a contract with a county sanitation district.

Whenever any sewerage system, or sewage disposal or treatment plant so taken possession of or otherwise acquired was built from the proceeds of a bond issue, the district shall assume and pay out of its funds the outstanding bonds according to their terms, and the principal sum remaining unpaid shall be credited to it and deducted from any sum to be paid by it to the city or public agency.

Funds may be obtained by the county sanitation districts to pay the principal and interest on the assumed bonds in the manner as is provided for paying the principal and interest on its own bonds.

4761. Any city or public agency in the district may enter into an agreement with the district for the use, or entire pos-

Validity of bonds 4787. The validity of the bonds after their issuance shall not be questioned in any court except upon the ground that the provisions of this chapter authorizing their issuance are unconstitutional, or that the required hearing regarding the formation of the district was not legally held or proper notice of it was not given.

(Amended by Stats. 1939, Ch. 596.)

Form of bonds 4788. The district board shall prescribe by resolution the form of the bonds, and interest coupons. The bonds shall be payable substantially in the following manner: A part to be determined by the district board, which shall not be less than one-fortieth part of the whole amount of the indebtedness, shall be payable each and every year on a day and date, and at a place to be fixed by the board, and designated in the bonds, together with interest on all sums unpaid on that date until the whole of the indebtedness has been paid.

If the proposition of issuing bonds submitted at a bond election fails to receive the requisite number of votes, the district board may, at the expiration of six months after that election, call or order another bond election, either for the same objects and purposes, or for any other object or purpose of the district.

4795. If bonds have been issued by the district and the proceeds of the sale have been expended, and the district board by resolution passed by a vote of four-fifths of all its members determines that the public interest or necessity of the district demands the issuance of additional bonds for carrying out any of the objects of the district, the district board may again have a report made, and submit to the voters the question of issuing additional bonds in the same manner as for a first issue. All the provisions of this chapter for the issuance and sale of bonds, and for the expenditure of the proceeds apply to the issuance of additional bonds.

4796. Bonds and the interest thereon shall be paid by revenue derived from an annual tax upon the real property in the district, and all the real property in the district shall be and remain liable to be taxed for such payments. Said bonds and the interest thereon shall not be taxable in this State.

(Amended by Stats. 1939, Ch. 596.)

4797. It is not the intention of this chapter that other than main trunk lines of the sewerage system of the district shall be constructed from the proceeds of the sale of bonds of the district, but that the lateral and collecting lines shall be con-

structed and paid for by the county, cities, or other public agencies or districts that by law are authorized to construct the lateral and collecting lines and provide for their payment. The determination by the district board of what are main trunk lines is final.

(Amended by Stats. 1939, Ch. 596.)

The time of hearing shall not be less than 15 nor more than 30 days after the receipt of the petition.
Notice	4908. At least 10 days prior to the time fixed, the board shall publish a notice of the hearing by one insertion in the newspaper circulated in the district that the board deems most likely to give notice to the district's inhabitants of the proposed exclusion.

4909. Any person interested may appear at the hearing ^{Hearing} and object to the exclusion of the territory from the district, or may object to the continuance of the remaining territory as a district, and the board shall consider all objections and shall pass upon them.

4910. If the board finds that the territory proposed to be excluded will not be benefited by remaining in the district, and that the territory not proposed to be excluded will be benefited by continuing as a district, it shall grant the petition, and by resolution establish the boundaries of the district as reestablished after the exclusion. ^{Determination}

4911. Upon the exclusion of any territory from a district ^{Property} all property acquired for the district shall remain vested in the county and be used for the purposes of the district.

Article 7. Dissolution

4915. A district may be dissolved by the board as provided ^{Dissolution} in this chapter.

4916. A petition for dissolution shall be signed by 50 or ^{Petition} more freeholders and residents of the district, or by a majority of the freeholders and residents if there are less than 100 freeholders and residents in the district, and shall request the dissolution of the district.

4917. Upon receiving a petition for dissolution the board ^{Time and place of hearing} shall fix a time for the hearing of the petition, which shall not be less than 15 nor more than 30 days after its receipt.

Inclusion of part of territory in city

4926. But the inclusion of territory of a district in a city does not operate as a withdrawal of the territory from the district unless and until all outstanding contracts of the district have expired or the contracts, with the consent of the parties, have been modified or canceled so as to relieve the district of further obligation to pay for future maintenance in the territory so included.

Article 7. Rates and Collection

Establishment of rates 5040. The governing body shall establish just and equitable rates for the use and maintenance of the works, to be paid by the person leasing or occupying the building or premises served thereby or that in any way uses or is served by the works, and may change and readjust the rates from time to time. The rates shall be sufficient in each year for the payment of the proper and reasonable expenses of operation, repair, replacement, and maintenance of the works, and for payment of the sums required to be paid into the sinking fund.

Amount of rates 5041. The governing body shall establish rates that, beyond all reasonable doubt, will bring in sufficient money to meet the

interest and principal on all outstanding bonds as they fall due, in addition to the expense of operation.

5042. Whenever it appears that the rates are insufficient to provide enough money to pay the principal and interest, in addition to the operating expenses, and the governing body neglects or refuses to fix adequate rates therefor, any bondholder may petition the superior court for a writ of mandate to compel the governing body to increase the rates to such an extent as will make them sufficient to provide enough money for those purposes.

5043. The governing body may establish variable rates for different classes of users, or for different parts of the area, where all or any portion of the sewage works have been previously installed and financed under other laws or methods, so that the variable rates may be most equitable and just to all concerned.

5044. However, the rates may only be imposed and collected from the users of all or any portion of such works as are constructed with money derived from the sale of the bonds.

5045. If the users of all or any portion of any works previously acquired and financed by other methods receive any additional benefits from the construction or operation of all or any portion of the works subsequently constructed or acquired from the proceeds of the bonds, the governing body may impose reasonable rates on the works previously acquired, but only sufficient to cover the value of the additional benefits.

5046. No rates shall be established until after a public hearing, at which all the users of the works and owners of property served or proposed to be served thereby and others interested have opportunity to be heard concerning the proposed rates.

5047. After introduction of the ordinance, resolution, or order fixing the rate, and before it is finally enacted, notice of the hearing, setting forth the proposed schedule of rates shall be given by one publication in a newspaper published in the district, if there is such a newspaper, but otherwise in a newspaper having general circulation in the district. The notice shall be published at least 10 days before the date fixed in the notice for the hearing. The hearing may be adjourned from time to time.

5048. After the hearing the ordinance, resolution, or order establishing rates, either as originally introduced or as modified and amended, shall be passed and put into effect.

5049. A copy of the schedule of the rates shall be kept on file in the office of the clerk, and shall be open to inspection by any interested person.

5050. The rates for any class of users or property served may be extended to cover any additional premises thereafter served which fall within the same class, without the necessity of hearing or notice.

Change of rates

5051. Any change or readjustment of the rates shall be made in the same manner as the rates were originally established.

Penalty for nonpayment

5052. If the rate is not paid when due, on the first day of each calendar month thereafter a penalty of 10 per cent of the amount of the delinquent rate shall be added.

Collection

5053. The rates and penalties may be collected in the following manner:

(a) An action may be brought in the name of the district against the person who occupied the property when the service was rendered for the collection of the amount of the delinquent rate and all penalties. A reasonable attorney's fee shall be awarded the plaintiff.

(b) The governing body may provide that the rates shall be collected with the rates for any other utility service rendered by the district and all the rates shall be itemized, billed upon the same bill, and collected as one item.

Additional remedies

5054. The remedies specified for collecting and enforcing rates are cumulative and may be pursued alternatively or may be used consecutively when the governing body so determines.

If any remedy is invalid, all valid remedies shall remain effectual.

Bondholder may compel collection

5055. Until the principal and interest of the bonds are fully paid any holder of any bond outstanding at any time may compel the use of any or all of the remedies provided in this chapter.

Article 8. Leases

Contract for use of works

5060. Any district owning or operating works may contract with one or more other cities, counties, sanitation districts, or sanitary districts for the use of the works, but only to the extent of their capacity and without impairing their usefulness, upon such terms and conditions as may be fixed and approved by ordinances of the respective contracting entities. Contracts shall not be made for a period of more than 15 years nor in violation of the provisions of the ordinance authorizing the bonds.

Rates for leased works

5061. The governing body of the district may by ordinance establish, change, and adjust rates for the service rendered in the lessee-district by the works, against the owners of the premises served, in the manner provided for establishing, changing, and adjusting rates for the service rendered in the district where the works are owned and operated, and the rates constitute a lien on the property served, and shall be collected as provided for rates made by the owner-district.

Appurtenant works in leased system

5062. The necessary intercepting sewers and appurtenant works for connecting the works of the owner-district with the sewerage system of the lessee-district shall be constructed by the owner-district or the lessee-district, or both, upon such terms and conditions as are set forth in the contract, and the cost or that part of the cost which is to be borne by

the owner-district may be paid as part of the cost of the works from the proceeds of the bonds unless otherwise provided by the ordinance.

5063. The income received by the owner-district under the contract shall, if so provided in the ordinance, be deemed to be a part of the revenue of the works. The owner-district shall deduct from the whole cost and expenses such part as shall be paid by the lessee-district pursuant to the provision of the contract; but no rates shall be imposed or collected from the users of the works or portions thereof except in cases where the works or portions thereof have been acquired by means of the bonds, and unless additional benefits will be derived by the users as a result of the contract. In that case the rates shall be only sufficient to cover the value of the additional benefits.

(Added by Stats. 1941, Ch. 990.)

6941.6. The auditor shall then compute and enter in a ^{Computation} separate column in the county assessment roll the respective sums to be paid as a district tax on the property in the district, using the rate of levy as fixed by the board and the assessed value as found on the assessment roll.

The taxes so levied shall be collected at the same time and in the same manner as county taxes are collected, and when collected shall be at once paid to the treasurer.

(Added by Stats. 1941, Ch. 990.)

6941.9. The taxes are a lien on all the property in the ^{Lien} district, and the taxes, whether for the payment of a bonded indebtedness, or for other purposes, shall be of the same force and effect as other liens for taxes, and their collection shall be enforced by the same means as provided for the enforcement of liens for county taxes.

(a) That no interments were made in or that all interments have been removed from that portion of the property from which dedication is sought to be removed.

CHAPTER 4. PROPERTY RIGHTS

Article 1. General Provisions

Plots: Presumption of ownership

8600. All plots conveyed to individuals are presumed to be the sole and separate property of the owner named in the instrument of conveyance.

(Amended by Stats. 1939, Ch. 339.)

Vested right of spouse

8601. The spouse of an owner of any plot containing more than one interment space has a vested right of interment of his remains in the plot and any person thereafter becoming the spouse of the owner has a vested right of interment of his remains in the plot if more than one interment space is unoccupied at the time the person becomes the spouse of the owner.

(Amended by Stats. 1939, Ch. 339.)

Divestment of right

8602. No conveyance or other action of the owner without the written consent or joinder of the spouse of the owner divests the spouse of a vested right of interment, except that a final decree of divorce between them terminates the vested right of interment unless otherwise provided in the decree.

(Amended by Stats. 1939, Ch. 339.)

8603. If no interment is made in an interment plot which has been transferred by deed or certificate of ownership to an individual owner, or if all remains previously interred are lawfully removed, upon the death of the owner, unless he has disposed of the plot either in his will by a specific devise or by a written declaration filed and recorded in the office of the cemetery authority, the plot descends to the heirs at law of the owner subject to the rights of interment of the decedent and his surviving spouse.

8604. Cemetery property passing to an individual by reason of the death of the owner is exempt from all inheritance taxes.

8605. An affidavit by a person having knowledge of the facts setting forth the fact of the death of the owner and the name of the person or persons entitled to the use of the plot pursuant to this chapter, is complete authorization to the cemetery authority to permit the use of the unoccupied portions of the plot by the person entitled to the use of it.

Article 2. Joint Tenants

8625. In a conveyance to two or more persons as joint tenants each joint tenant has a vested right of interment in the plot conveyed.

8626. Upon the death of a joint tenant, the title to the plot held in joint tenancy immediately vests in the survivors, subject to the vested right of interment of the remains of the deceased joint tenant.

8627. Cemetery property held in joint tenancy is exempt from the provisions of the Code of Civil Procedure relating to proceedings for establishing the fact of death of a person whose death affects title to real property.

8628. An affidavit by any person having knowledge of the facts setting forth the fact of the death of one joint tenant and establishing the identity of the surviving joint tenants named in the deed to any plot, when filed with the cemetery authority operating the cemetery in which the plot is located, is complete authorization to the cemetery authority to permit the use of the unoccupied portion of the plot in accordance with the directions of the surviving joint tenants or their successors in interest.

8629. When there are several owners of a plot, or of rights of interment in it, they may designate one or more persons to represent the plot and file written notice of designation with the cemetery authority. In the absence of such notice or of written objection to its so doing, the cemetery authority is not liable to any owner for interring or permitting an interment in the plot upon the request or direction of any co-owner of the plot.

Article 3. Family Interment Plots

8650. Whenever an interment of the remains of a member or of a relative of a member of the family of the record owner

or of the remains of the record owner is made in a plot transferred by deed or certificate of ownership to an individual owner and the owner dies without making disposition of the plot either in his will by a specific devise, or by a written declaration filed and recorded in the office of the cemetery authority, the plot thereby becomes inalienable and shall be held as the family plot of the owner.

Interment priority 8651. In a family plot one grave, niche or crypt may be used for the owner's interment; one for the owner's surviving spouse, if any, who by law has a vested right of interment in it; and in those remaining, if any, the parents and children of the deceased owner in order of death may be interred without the consent of any person claiming any interest in the plot.

Same 8652. If no parent or child survives, the right of interment goes in the order of death first, to the spouse of any child of the record owner and second, in the order of death to the next heirs at law of the owner or the spouse of any heir at law.

Waiver 8653. Any surviving spouse, parent, child or heir who has a right of interment in a family plot may waive such right in favor of any other relative, or spouse of a relative of either the deceased owner or of his spouse, and upon such waiver the remains of the person in whose favor the waiver is made may be interred in the plot.

(Amended by Stats. 1945, Ch. 848.)

Article 4. Vested Right of Interment

Waiver 8675. A vested right of interment may be waived and is terminated upon the interment elsewhere of the remains of the person in whom vested.

Limitations on right 8676. No vested right of interment gives to any person the right to have his remains interred in any interment space in which the remains of any deceased person having a prior vested right of interment have been interred, nor does it give any person the right to have the remains of more than one deceased person interred in a single interment space in violation of the rules and regulations of the cemetery in which the interment space is located.

Article 5. Voluntary Establishment of Inalienability

Interments restricted 8680. A cemetery authority may take and hold any plot conveyed or devised to it by the plot owner so that it will be inalienable, and interments shall be restricted to the persons designated in the conveyance or devise.

CHAPTER 5. PERPETUAL AND SPECIAL CARE

Article 1. Care of Old Cemeteries

8700. In addition to those cemeteries to which this part does not apply, this article does not apply to abandoned cemeteries nor to cemeteries in which interments are prohibited.

8701. Whenever a majority of the plots in all or any part of a cemetery established prior to August 14, 1931, has been sold without the owner having made provision for the establishment of an adequate perpetual care fund for its perpetual care, maintenance, and embellishment, the avenues, roadways, walks, driveways, alleys, streets and parks in it may be vacated or altered and replatted into plots which may be sold for interment purposes pursuant to this article.

8702. Application for the alteration or vacation or replatting of all or any portion of an alley, street, avenue, walk, driveway, or park, for plots in the cemetery shall be made to the superior court in the county in which all or any portion of the property is situated.

8703. The application may be by the cemetery authority who may make owning or operating the cemetery or if there is no cemetery authority operating the cemetery, by 20 or more plot owners.

8704. The petition shall be verified and shall specify the facts of such ownership and shall state the reasons for the proposed change and what provisions have theretofore been made for the perpetual care of the cemetery.

8705. There shall be presented with the petition a plat of the cemetery and the proposed replat which shall clearly indicate the proposed changes.

8706. The petition shall be filed with the clerk of the superior court, and the clerk shall fix the time for hearing not less than 30 nor more than 60 days from the date of filing.

8707. Notice of the hearing shall be given by publishing a copy of the notice in a newspaper of general circulation near the cemetery in the county in which the property is situated, once a week for three consecutive weeks prior to the date of hearing.

8708. Copies of the notice shall be posted in three conspicuous places within the cemetery.

Contents

8709. The notice shall:

(a) Be addressed to all persons owning or interested in plots in the cemetery but need not name them.

(b) Set forth in a general way the proposed changes.

(c) Set forth the reasons stated in the petition for making the changes.

(d) State the time when the hearing of the petition will be had.

(e) State that a plat showing the proposed changes is on file with the clerk of the court.

8710. At the time fixed for the hearing, the court shall hear and consider any evidence introduced in favor of and all objections to the changes and may allow the proposed changes and replat in whole or in part, or may order and allow modifications of the proposed changes. The hearing may be continued from time to time by order of court.

(Amended by Stats. 1939, Ch. 339.)

Disposition of proceeds 8712. Not less than 70 per cent of all funds derived from the sale of the plots shall be placed in an irreducible and perpetual fund and the interest earned by the fund shall be used for the cemetery's perpetual care, maintenance, and embellishment.

Vacation of road adjacent to plot 8713. The vacation of an alley, avenue, roadway, walk, driveway, street, or park adjacent to a privately owned plot does not vest any interest in the owner of the plot to the vacated portion; but the adjacent owner shall, for 10 days after the date of the order of vacation, have the right to purchase the new plots at the price fixed by the court. If there is more than one adjacent plot owner, the new plots shall be sold to the one offering the highest price.

Damage allowance 8714. In allowing any damages to any plot owner for such vacation, the court shall take into consideration the benefit to be received from perpetual care.

Declaration of policy 8715. The provisions of this article are hereby declared to be a necessary exercise of the police power of the State in order to preserve and keep existing cemeteries as resting places for the dead and to preserve cemeteries from becoming unkept and places of reproach and desolation in the communities in which they are located. The taking of roadways, alleys, walks, avenues, driveways, streets and parks for the purposes and by the method in this section specified, regardless of the private character of the association or person applying therefor, is hereby declared an exercise of the right of eminent domain in behalf of the public health, safety, comfort, pleasure, protection, and historic instruction to present and future generations.

Article 2. Care of Active Cemeteries

Perpetual care funds 8725. Every cemetery authority which now or hereafter maintains a cemetery may place its cemetery under perpetual care and establish, maintain, and operate an irreducible perpetual care fund. Perpetual care and special care funds may be commingled for investment and the income therefrom shall be divided between the perpetual care and special care funds in the proportion that each fund contributed to the principal sum invested. The funds may be held in the name of the cemetery authority or its directors or in the name of the trustees appointed by the cemetery authority.

(Amended by Stats. 1939, Ch. 339.)

Principal: Maintenance 8726. The principal of all funds for perpetual care shall forever remain irreducible and inviolable and shall be maintained separate and distinct from all other funds.

Investment 8727. The principal of all funds for perpetual care shall be invested, from time to time reinvested, and kept invested and the income earned shall be used solely for the general care, maintenance, and embellishment of the cemetery, and

shall be applied in such manner as the cemetery authority may from time to time determine to be for the best interest of the cemetery.

8728. The cemetery authority may from time to time adopt charges plans for the general care, maintenance, and embellishment of its cemetery, and charge and collect from all subsequent purchasers of plots such reasonable sum as, in the judgment of the cemetery authority, will aggregate a fund, the reasonable income from which will perpetually provide care, maintenance, and embellishment.

8729. Upon payment of the purchase price and the amount fixed as a proportionate contribution for perpetual care, there may be included in the deed of conveyance or by separate instrument an agreement perpetually to care, in accordance with the plan adopted, for the cemetery and its appurtenances to the proportionate extent the income received by the cemetery authority from the contribution will permit. Agreements:

8736. The perpetual care fund and all payments or contributions to it are hereby expressly permitted as and for charitable and eleemosynary purposes. Perpetual care is a provision for the discharge of a duty due from the persons contributing to the persons interred and to be interred in the cemetery and a provision for the benefit and protection of the public by preserving and keeping cemeteries from becoming unkept and places of reproach and desolation in the communities in which they are situated.

Uncertainty

claimers, etc.

8737. No payment, gift, grant, bequest, or other contribution for general perpetual care is invalid by reason of any indefiniteness or uncertainty of the persons designated as beneficiaries in the instruments creating the trust, nor is the fund or any contribution to it invalid as violating any law against perpetuities or the suspension of the power of alienation of title to property.

elective
officers

14114. The provisions of this section are intended to apply to officials now in office, as well as to those hereafter elected.

Procedure

The procedure to effect such removal or recall shall be as follows: A petition demanding the election of a successor to the person sought to be removed shall be filed with the secretary of the district board, which petition shall be signed by registered electors of such district equal in number to at least 25 percent of the highest vote cast within such district for candidates for the office, the incumbent of which is sought to be removed, at the last general election in such district at which an incumbent of such office was elected; and said petition shall contain a statement of the grounds on which the removal or recall is sought, which statement is intended solely for the information of the electors. Any insufficiency of form or substance in such statement shall in nowise affect the validity of the election and proceedings held thereunder. The signatures to the petition need not all be appended to one paper. Each signer shall add to his signature his place of residence, and if within a town having named streets and numbered houses, street and number. Each such separate paper shall have attached thereto an affidavit made by an elector of the district and sworn to before an officer competent to administer oaths, stating that the affiant circulated that particular paper and saw written the signatures appended thereto; and that according to the best information and belief of the affiant, each is the genuine signature of the person whose name purports to be thereunto subscribed and of a qualified elector of the district.

Within 10 days from the date of filing such petition, the secretary of the board shall examine and from the records of registration ascertain whether or not said petition is signed by the requisite number of qualified electors, and he shall attach to said petition his certificate showing the result of said examination.

If by the said certificate the petition is shown to be insufficient, it may be supplemented within 10 days from the date of such certificate, by the filing of additional papers, duplicates of the original petition except as to the names signed. The secretary shall, within 10 days after such supplementing papers are filed, make like examination of such supplementing petitions, and if a certificate shall show that all the names to such petition, including the supplemental papers, are still insufficient, no action shall be taken thereon; but the petition, including all supplemental papers, shall remain on file as a public record; and the failure to secure sufficient names shall be without prejudice to the filing later of an entirely new petition to the same effect.

If the petition, including any supplemental paper, shall be found to be sufficient, the secretary shall submit the same to the

district board without delay, whereupon the board shall forthwith cause a special election to be held within not less than 35 nor more than 40 days after the date of the order calling such election, to determine whether the voters will recall such officer; provided, that if a general election is to occur within 60 days from the date of the order calling for such election, the board may in its discretion postpone the holding of such election to such general election or submit such recall election at any such general election for officers of such district occurring not less than 35 days after such order. If a vacancy occur in said office after a recall petition is filed, the recall election shall nevertheless proceed as in this section provided. One petition is sufficient to propose a removal and election of one or more elective officials. One election is competent for the removal and election of one or more elective officials.

Nominations for any office under such recall election shall be made in the manner prescribed as follows: Not less than 15 days before such recall election any 10 or more qualified electors in the district may file with the district board a nomination petition requesting that the names of certain electors of the district, specified in such nomination petition be placed on the ballot as candidates for the offices named therein. Such nomination petitions shall not specify more than one name for each office to be voted upon at such recall election. The name of the incumbent officer sought to be recalled shall not be named in any nomination petition. The names proposed by the various nomination petitions so filed, and no others, shall be printed on the ballots, but there shall be sufficient blank spaces left in which electors may write other names if they so desire. The nomination petitions shall be preserved in the office of the secretary of the district.

There shall be printed on the recall ballot, as to every officer whose recall is to be voted on thereat, the following question: "Shall (name of person against whom the recall petition is filed) be recalled from the office of (title of the office)?" following which questions shall be the words "Yes" and "No" on separate lines, with a blank space at the right of each, in which the voter shall indicate, by stamping a cross (X), his vote for or against such recall. On such ballots, under each such question, there shall also be printed the names of those persons who have been nominated as candidates to succeed the person recalled, in case he shall be removed from office by said recall election; but no vote shall be counted for any candidate for said office unless the voter also voted on said question of the recall of the person sought to be recalled from said office. The name of the person against whom the petition is filed shall not appear on the ballot as a candidate for the office nor shall the name thereof be written in any blank space provided for said office.

If a majority of those voting on said question of the recall of any incumbent from office shall vote "No", said incumbent shall continue in said office. If a majority shall vote "Yes", said incumbent shall thereupon be deemed removed from such

office, upon the qualification of his successor. The election shall be conducted, canvass of all votes for candidates for said office shall be made, and the result declared in like manner as in a regular election within such district. If the vote at any such recall election shall recall the officer, then the candidate who has received the highest number of votes for the office shall be thereby declared elected for the remainder of the term. In case the person who received the highest number of votes shall fail to qualify within 10 days after receiving the certificate of election, the office shall be deemed vacant and shall be filled according to law. If the vote at any such recall election shall not recall the officer, no further petition for the recall of such officer shall be filed before the expiration of six months from the date of such recall election.

the hearing, by the board of supervisors, in a newspaper of general circulation published in the county in which the district is located.

(Amended by Stats. 1943, Ch. 1022.)

14231. At the hearing the board of supervisors shall hear ^{Hearing} the petition and any person interested, and may adjourn the hearing from time to time.

14232. Upon the hearing the board shall determine whether ^{Boundaries} or not it is for the best interests of the district and of the contiguous territory that the territory be included in the fire limits of the district and may modify the boundaries of the territory proposed to be included.

14233. The board of supervisors shall not modify the bound- ^{Inclusion}aries of the territory proposed to be included so as to exclude any real property which would be benefited by inclusion.

14235. The board of supervisors shall not include within ^{Lots or parcels} the fire limits of the district any areas of land not subdivided or any lots or parcels of property containing more than five acres of land each, if the owner files objections to the inclusion of any such land within the district.

14236. The order shall describe the exterior boundaries of the contiguous territory.

14237. Where any parcel of land containing more than five ^{Exclusion} acres is included within the fire limits of the district, the board of supervisors, upon application of the owner, shall exclude from the district and from the taxable property of the district, all of the parcel except that portion or those portions thereof upon which a building or buildings, or similar structure, may be situated, each such portion to include such quantity of land, not less than five acres in area, as in the judgment of the board may be reasonable. No such portion need be contiguous to any other territory in the district.

(Amended by Stats. 1945, Ch. 330.)

Article 9. Withdrawal of Lands From District

14251. A majority of the persons who are both freeholders ^{Petition} and residents within the portions desired to be withdrawn from the district may file a petition with the board of supervisors, requesting the withdrawal of that portion from the district on the ground that the portion will not be benefited by remaining in the district.

Time for hearing 14252. The board of supervisors shall fix a time for hearing the petition and for hearing protests to the continuance of the remaining territory as a district. The time for hearing shall not be less than 10 nor more than 30 days after the receipt of the petition.

Grant of petition 14256. The board of supervisors shall consider and pass upon all objections, and if it finds that the portion of the district sought to be withdrawn will not be benefited by remaining within the district, and will not serve as a fire hazard to the remaining portion of the district, and that the territory not sought to be withdrawn will be benefited by continuing as a district, then it shall grant the petition.

14257. If in the judgment of the board of supervisors the exclusion of the territory sought to be withdrawn will make further existence of the district impracticable, the board shall proceed to call an election for dissolution.

14258. Upon the withdrawal of any territory from a district all property acquired for the district shall remain vested in the county and be used for the purposes of the district.

Article 10. Dissolution of District

14288. If, at the election, a majority of the votes cast are in favor of dissolution the board of supervisors shall enter a finding to that effect upon its minutes and thereafter, the district is dissolved. ^{Result of election}

14289. Upon the dissolution of any district the property ^{Vesting of property} of the district lying within the corporate limits of any city vests absolutely in the city; and the property of the district without the corporate limits of any city vests absolutely in the county within which the district was situated.

14290. All the funds of the district remaining on hand ^{Disposition of funds} shall be divided between any city and the county in the proportion that the total assessed value of the real property of the territory of the district in the city and without the city

bears to the total assessed value of the real property within the district prior to dissolution. The assessed value shall be determined according to the last prior equalized assessment roll of the county.

Use of property

14291. The county shall use the property and funds reverting to it upon dissolution for general fire protection purposes throughout the county.

Lots or parcels

14306. The board of supervisors shall not include within the district any area of land not subdivided or any parcel of land containing more than five acres, if its owner objects in writing to the inclusion of such land within the proposed district.

Such ordinances, so far as they are not in conflict with general laws shall remain in force until repealed or amended by competent authorities.

14313. After reorganization, proceedings theretofore commenced shall be conducted in accordance with this chapter.

14314. The legality or existence of a district reorganized as provided for in this chapter shall not be affected by reason of any defect or illegality in the formation of the previously formed district. It is the intention of this article to provide a procedure for the reorganization of all districts as may not have legal existence.

The board may determine the amount of the tax to be levied upon property within the incorporated areas of the district and the amount of the tax to be levied upon property within unincorporated areas of the district. The tax levied within incorporated areas of the district may be sufficiently higher than that levied in unincorporated areas to defray costs of acquiring and maintaining fire fighting implements, apparatus, and equipment, including water mains, hydrants and water, which are provided for and usable solely in protecting property within the incorporated area from loss or damage by fire.

(Added by Stats. 1939, Ch. 418.)

lies, within six months after the time it is finally determined that the attempted formation of the district was ineffectual or invalid if any proceeds of the tax are on hand in the county treasury.

14483. CHAPTER 5. BUILDINGS ON SAME LOT

Article 1. Distances Between

15500. No building, and no structure, except the garage permitted by this article, shall be placed on the front or the rear of any interior lot on which an apartment house or hotel is situated within a distance of 20 feet from the apartment house or hotel, plus two additional feet for every story over two of the highest building or structure on the lot. Distance between buildings

15501. A structure not more than one story in height to be garage used as a garage solely by the occupants of an apartment house may be erected on the rear of an interior lot on which an apartment house is situated within a distance of 20 feet from the apartment house, if it will not encroach upon or occupy any portion of the lot required to be used or left vacant for use as a rear yard. Garage

Article 2. Rear Building Passageway

15520. A building may be erected to the front or rear of another building if a passageway, open and unobstructed to the sky and not less than 10 feet in width, extending from the front of the rear building to the front line of the lot on which the buildings are situated, is provided. If the front building is more than two stories in height, the passageway shall be increased two feet in width, open, and unobstructed to the sky, for each additional story. Required passageway

15521. If the rear building is a dwelling, or an apartment house not more than two stories in height accommodating not more than two families on the second story, the passageway need not be provided if there is access, open and unobstructed to the sky and at least 10 feet in width, from such building to a street other than the street fronting the lot, or to an alley not less than 10 feet in width. Exception

15522. If there are only two one-story dwellings on one lot, each accommodating not more than two families, the passageway required by this article may be not less than five feet in width. Dwellings

15523. Ownership in any passageway required by this article shall be in the owner of the building for which the passageway is required. Ownership

CHAPTER 6. UNOCCUPIED AREA

15600. At least 10 per cent of every corner lot on which an apartment house is erected shall be left unoccupied. Corner lot

15601. At least 25 per cent of every interior lot on which an apartment house is erected shall be left unoccupied. Interior lot

15602. If either a corner or interior lot on which an apartment house is erected extends from one street to another street, a public alley, or public park, one-half of the width of the Computation

narrowest street, public alley, or public park to which the lot abuts may be considered a part of the lot in computing the percentage of the lot to be left unoccupied; but if such one-half is greater than the depth of the rear yard required for the apartment house, then only as much as is required for the rear yard shall be considered as part of the lot for the purpose of computing the percentage of the lot to be left unoccupied.

Exception

15603. If an apartment house is not more than two stories in height and is built to accommodate not more than two families above the first story, the percentage of lot to be left unoccupied may be not less than one-half of that prescribed by this chapter.

Projecting windows

15604. If the required unoccupied area of a lot is located on the rear of, and behind the apartment house on, the lot in such manner that the depth of the rear yard of the building is increased to a depth greater than that required by this part, bay windows may project into the unoccupied area from any floor above the first floor of the building, subject to the following conditions:

- (a) The windows shall not project more than three feet into the unoccupied area.
- (b) No window shall contain more than 15 square feet of superficial floor area.
- (c) The windows shall be at least four feet apart.
- (d) No window shall project into any part of the minimum unoccupied rear yard space required by this part.

CHAPTER 7. YARDS AND COURTS

Article 1. General Provisions

- (b) Into an inner court, one inch for each one foot of the width of the court.
- (c) Any distance desired into any court if the minimum required width of the court is maintained open and unobstructed.

Same

15652. A cornice or similar projection may extend into a yard the distance permitted in the case of an outer court.

**Outside
stairways,
etc.**

15653. Outside stairways, platforms, and balconies constructed of open metal work, and fire escapes may extend not more than four feet beyond the exterior walls of a building into a yard or court, if they do not obstruct the light and ventilation of rooms or apartments within the building.

A retaining wall may extend not more than 12 inches into a yard or court.

Recess

15654. In an apartment house or hotel every recess from a court, yard, or street shall be not less in width than its depth. It shall be open and unobstructed to the sky from a point not

more than two feet above the floor line of the lowest story in which there are rooms it is designed to serve.

15655. The area of the recess shall not be included in computing the area of a court or yard.

Article 2. Yards

15680. There shall be a rear yard immediately behind every apartment house on the lot on which the latter is situated. Rear yard:
Apartment

Exceeding 96 feet-----	20 feet

15683. The rear yard of an apartment house on a corner lot shall have a depth not less than that set forth in the following table:

Depth of lot	Depth of rear yard
Not exceeding 100 feet-----	10 per cent of depth of lot, minimum width required for outer court of the apartment house, or five feet, whichever is the greater.
Exceeding 100 feet-----	Minimum width required for outer court of apartment house, or 10 feet, whichever is the greater.

15684. In the case of an apartment house not more than two stories in height, designed or built to accommodate not more than two families above the first story, the depth of the rear yard may be one-half of that prescribed by this article, but not less than five feet.

15685. A rear yard of an apartment house designed to exceed 75 feet in width and situated on both a corner and interior lot may be of a uniform depth the entire width of the lots. In computing the uniform depth, the area of the portion of the yard on the interior lot shall be added to the area of the portion of the yard on the corner lot.

15686. If either a corner or interior lot extends from one street to another street, a public alley, or public park, one-half

Access to street

of the width of the street, public alley, or public park which is the narrowest may be considered a part of the lot in computing the minimum depth of a rear yard of an apartment house.

Apartment house-hotel

15687. Every apartment house rear yard not bordering on a street or public alley shall have access to a street or public alley by means of an unobstructed passageway not less than three feet in width nor less than seven feet in height. Any portion of the passageway which passes through a building shall be constructed of approved incombustible materials; or shall be lathed with metal lath plastered not less than three-quarters of an inch thick, or lined with not less than number 26 gauge galvanized iron on solid sheathing of not less than thirteen-sixteenths inch boards.

Fireproof material shall be used in the construction of the floor of the yard and of the space beneath it.

Computation

15690. The depth of a rear yard of any hotel designed to have a rear yard shall be not less than the minimum width of an inner court bounded on one side by a lot line specified in this chapter for an hotel of the same height.

Measure-ment

15691. If the lot on which an hotel is situated extends from one street to another street, a public alley, or public park, one-half of the width of the street, alley, or park may be considered a part of the lot in computing the depth of a rear yard on the lot.

Rear yard: Dwelling

15692. The depth of a rear yard for an apartment house or hotel shall be measured at right angles from the extreme rear line of the building towards the rear lot line of the lot on which the building is situated.

**Cross-
bridging**

17267. Every span of wooden floor joists in an apartment house or hotel shall be cross-bridged with cross-bridging of not less than two inch by three inch material, at intervals not more than eight feet apart. A bearing partition, wall, girder, or other support under the joists that is blocked solid

over its top between the joists with blocks not less than two inches thick the full depth of the joists shall take the place of a cross-bridging.

17268. All dimensions of lumber mentioned in this part shall be substantially the dimensions of the lumber when manufactured from the log, subject, however, to customary slight variations. Lumber dimensions

17269. The dimensions of lumber used in a building may be reduced by the processes of seasoning and surfacing to customary commercial sizes. Lumber reduced to customary commercial sizes by seasoning and surfacing processes will fulfill the requirements of this part. Dimension reduction

(b) It is impracticable to install the water-closets because of structural features in the building.

The housing department has no authority under this section to exempt any portion of an apartment house or hotel added on after August 17, 1923, from having the number of water-closets required by this article.

Subsequent installation

17485. Hearing

17825. At the time fixed in said notice, the governing board of the enforcement agency shall proceed to hear the testimony of the officers or employees of the enforcement agency and the testimony of the owner or his representatives, if present at said hearing, and other competent persons who may be present and desire to testify, respecting the condition of said building, the estimated cost of its reconstruction, repair or removal, and any other matter which said governing body may deem pertinent thereto. Upon the conclusion of said hearing said governing board may, by resolution, declare its findings and in the event that it so concludes it may declare said building to be a nuisance and direct the owner to abate the same within 30 days after the date of posting on said premises a notice of the passage of said resolution by having said building properly reconstructed or repaired, or by having the same razed or removed and notifying said owner that if said nuisance is not abated said building will be razed or removed by the enforcement agency and the expense thereof made a lien on the lot or parcel of land upon which said building is located.

The officer or employee of the enforcement agency, upon giving notice as aforesaid, shall file an affidavit thereof in the manner provided for in Section 17823 hereof. The governing board of the enforcement agency may grant any extension of time to abate said nuisance that it may deem justifiable upon good cause therefor being shown.

(Added by Stats. 1941, Ch. 807.)

17826. Any owner or other interested person having any objections, or feeling aggrieved at any proceedings taken by the governing board of the enforcement agency in ordering abatement of any nuisance, must bring an action in a court of competent jurisdiction within 30 days after the date of posting on said premises a notice of the passage of the resolution declaring the nuisance to exist to contest the validity of any proceedings leading up to and including the adoption of the resolution, otherwise all objections will be deemed to have been waived.

(Added by Stats. 1941, Ch. 807.)

17827. Thirty days after the posting of the copies of the resolution declaring any building a nuisance, the enforcement agency shall be deemed to have acquired jurisdiction to abate such nuisance by razing or removing the building, unless the nuisance is abated by the owner or other person interested within the 30-day period or any extension thereof granted by the governing board as provided for in this chapter. In the event that the nuisance is not abated within the time prescribed the enforcement agency may thereupon raze and remove the building so declared to constitute a nuisance or have the same done under its direction and supervision.

The enforcement agency shall keep an itemized account of the expense involved in the razing or removing of any such building and shall deduct therefrom the amount received from the sale of the building materials. The enforcement agency shall cause to be posted conspicuously on the property from which the building was razed or removed a statement verified by the officer of the enforcement agency in charge of the doing of the work showing the gross and net expense

A copy of said statement and notice shall be mailed in the manner prescribed in Section 17823 and an affidavit of such posting and mailing shall be filed in the manner prescribed in said section. The board may adjourn said hearings from time to time and its decisions on said statement and on all protests and objections which may be made shall be final and conclusive.

In the event that the cost of razing or removing said nuisance exceeds the proceeds received from the sale of any materials, then the amount of the net expense of abating such nuisance, if not paid within five days after the decision of said governing board on said statement, shall constitute a lien on the real property upon which the same was abated or removed, which lien shall continue until the amount thereof and interest thereon at the rate of 6 per cent per annum, computed from the date of confirmation of the statement until paid, has been paid, or until it is discharged of record. Such lien shall, for all purposes, be upon a parity with the lien of State, county and municipal taxes. In the event of nonpayment the governing board shall, at any time within 60 days after the decision of the governing board on the statement, cause to be filed in the office of the county recorder of the county in which such property is located a certificate substantially in the following form, to wit:

Article 1. Creation and Functioning of Districts

24198. The Legislature finds and declares that the people of the State of California have a primary interest in atmospheric purity and freedom of the air from any air contaminants and that there is pollution of the atmosphere in many portions of the State which is detrimental to the public peace, health, safety, and welfare of the people of the State. Legislative finding and declaration

(Added by Stats. 1947, Ch. 632.)

24199. The Legislature hereby finds and declares: Same

(a) That in portions of the State the air is polluted with smoke, charred paper, dust, soot, grime, carbon, noxious acids, fumes, gases, odors, particulate matter, and other air contaminants.

(b) That it is not practical or feasible to prevent or reduce such air contaminants by local county and city ordinances.

(c) That in other portions of the State the air is not so polluted.

(d) That it is necessary, therefore, to provide for air pollution control districts in those portions of the State where regulations are necessary and feasible to reduce air contaminants in order to safeguard life, health, property and the public welfare and to make possible the comfortable enjoyment of life and property.

(Added by Stats. 1947, Ch. 632.)

24200. In each county there is hereby created an air pollution control district. Air pollution control district

(b) For any reason it is not practical to rely upon the enactment or enforcement of local county and city ordinances to prevent or control the emission of smoke, fumes, or other substances which cause or contribute to such pollution.

Upon the adoption of this resolution the district shall begin to function.

(Repealed by Stats. 1945, Ch. 1142; added by Stats. 1947, Ch. 632.)

Sufficiency of resolution 24206. Where compliance is inequitable

24296. If the hearing board finds that because of conditions beyond control compliance with Article 3 of this chapter or with any rule, regulation, or order of the air pollution control board will result in an arbitrary and unreasonable taking of property or in the practical closing and elimination of any lawful business, occupation or activity, in either case without a sufficient corresponding benefit or advantage to the people in the reduction of air contamination, it shall prescribe other and different requirements not more onerous applicable to plants and equipment operated either by named classes of industries or persons, or to the operation of separate persons; provided, however, that no variance may permit or authorize the maintenance of a nuisance.

(Added by Stats. 1947, Ch. 632.)

Discretion of hearing board

24297. In determining under what conditions and to what extent a variance from said requirements is necessary and will be permitted, the hearing board shall exercise a wide discretion in weighing the equities involved and the advantages and disadvantages to the residents of the district and to any lawful business, occupation or activity involved, resulting from requiring compliance with said requirements or resulting from granting a variance.

(Added by Stats. 1947, Ch. 632.)

Modification of orders

Service of notice

(Repealed by Stats. 1945, Ch. 1142; added by Stats. 1947, Ch. 632.)

24301. The hearing board in making any order permitting a variance may specify the time during which such order will be effective, in no event to exceed one year, but such variance may be continued from year to year without another hearing on the approval of the air pollution control officer.

Time limit

(Repealed by Stats. 1945, Ch. 1142; added by Stats. 1947, Ch. 632.)

24302. If any local county or city ordinance has provided regulations similar to those in Article 3 of this chapter or to any order, regulation, or rule prescribed by the air pollution control board, and has provided for the granting of variances, and pursuant to such local ordinance a variance has been granted prior to the adoption of a resolution by the board of supervisors pursuant to Article 1 of this chapter, such variance shall be continued as a variance of the hearing board for the time specified therein or one year whichever is shorter or until and unless prior to the expiration of such time the hearing board modifies or revokes such variance as provided in this article.

(Added by Stats. 1947, Ch. 764.)

When made 28384. The estimate shall be made prior to the opening of the canning season for each such product having a canning season of less than three consecutive months, and prior to each quarter for each such product having a canning season of more than three consecutive months.

The Legislature hereby declares that if it had known that the delegation of such delegation would be declared invalid as an unlawful delegation of

legislative power, it would have designated the man-hour basis of proration as the most equitable basis of proration. In the event of such invalidity, the cost of inspection and laboratory control shall be prorated on the man-hour basis.
